PROFESSIONAL SUMMARY

Results-driven Software Developer with hands-on experience in full-stack development using React, Node.js, Next.js, and Docker. Skilled in building scalable web applications, integrating APIs, and collaborating in Agile teams. Strong background in JavaScript frameworks, Git version control, and database-driven systems. Eager to contribute to impactful software projects and drive innovation within dynamic development teams.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, HTML, CSS

Frameworks & Libraries: React.js, Next.js, Node.js, Express.js

Databases: MySQL, MongoDB, Firebase, Redis

Tools & Platforms: Docker, Git, VS Code, Cloudflare, Android Studio

Methodologies: Agile, Scrum, DevOps Fundamentals

WORK EXPERIENCE

Africa Code Academy – Remote
Software Developer (July 2025 – Present)

- Developing chatbot and webapp solutions (Glamlink project) using Next.js, React, Node.js, Redis, and Docker.

- Implemented webhook integrations and configured WhatsApp Cloud API for automated responses.

- Utilized Git for version control and managed feature branches in a collaborative development workflow.

Swahiba Tech – Gaborone, Botswana
Software Developer (Frontend & Cloud Management) (Jan 2024 – June 2024)

- Designed and developed responsive web interfaces using React, HTML, and CSS.

- Contributed to backend integration and API endpoints using Node.js and Firebase.

- Supported deployment, DNS configurations, and basic cloud management tasks.

- Participated in Agile sprints and client meetings to refine UI/UX based on feedback.

TECHNICAL PROJECTS

Glamlink Chatbot & WebApp – Developed a WhatsApp chatbot integrated with Redis, Docker, and Express.js for scheduling and automated messaging.

MealMate App (Prototype) – Android app for meal planning and grocery management using Java and XML.

Phishing Email Detection System – AI-driven prototype designed to identify and classify phishing emails.

E-commerce Website (Swahiba Tech) – Contributed to frontend development and deployment using React and Firebase.

Personal Portfolio Website – Ongoing project showcasing professional profile and completed works.

EDUCATION

BSc (Hons) Computer Systems Engineering
Botswana Accountancy College (2021 – 2025)

Key Coursework: Programming, Web/Mobile Development, System Administration, Database Management, Cybersecurity

CERTIFICATIONS

Cisco Certified Network Associate (CCNA 1) – Networking Fundamentals

AWARDS & INTERESTS

Award: 2nd Class Degree with Honours

Interests: Programming Projects, Photography, Football
